"riveting"

Juno Chua - *Rabble.ca*

"an eye-popping exploration into [the Athabasca oil sands'] impact on local water ecology and peoples' health"

Constance Droganes - *CBC Online*

"H2Oil couldn't be more timely."

Jelena Adzic *CBC's - The Scene*

"We are creating an environmental catastrophe that will take centuries to recover from... if we recover at all."

- David Suzuki

"There are a number of us who feel this is the biggest unsustainable development on the planet right now."

-- Dr. David Schindler

# H<sub>2</sub>Oil

what's more important, water or oil?
